## NO DECISION MONDAY

### The Kentucky Contest Cases Go Over Another Week.

WASHINGTON, May 14.—The Supreme Court room was crowded long before noon when court opened to day. All the Kentucky members of Congress were there, Joe Blackburn and Senator Deboe were there. The interest was centered in the Kentucky election cases, and a decision was confidently expected. Each moment it was thought the decision would come next. Telegraph operators were in waiting, newspaper reporters listened attentively as decisions were announced in other cases, but the Kentucky case was never reached. The court adjourned without saying one word about the Kentucky case.

The Chief Justice announced that the court would adjourn until the 21, and then until the 28. It is expected that the decision will be announced next Monday, though it may not come until the 28.

### A POINTER.

Mineral Lands in this Section Commanding Good Figures.

BOUGHT FOR \$750, SOLD FOR \$6000.

Two deeds recorded in the county clerk's office last week show the interest manifested in the mineral lands in this section in stronger terms than words could express. On April 14th, according to one of the deeds, Mrs. M. J. Franklin sold to Harry Watkins 74 acres of land, on the waters of Deer Creek, and adjoining what is known as the Holly land, for \$750.00. On the 10th day of May, Harry Watkins conveyed the same tract of land to J. Clyde Meillar, of Birmingham, Ala., for \$6,000.00. This land occupies almost a central position in the lead, zinc and spar belt of the county, and according to the U. S. geological map of the county, it is about seven and a half miles northwest of Marion. It is on, or nearly so, the LaRue vein of lead and zinc as shown on the map.

No statement has been made as to Mr. Meillar's intentions or plans, but it is reasonable to suppose that he will at once begin developing this mines. No extensive work has ever been done on this property, but, as it is one of the main veins, there seems to be no question as to its value.

### Masonic Ceremonies.

On the first Sunday in June, it being the third day of the month, Zion Hill Lodge No. 371, F. & A. M., will hold a procession over the grave of Bro. T. N. Lamb, deceased, at Marion, Ky., at 10 o'clock a. m. Everybody come out. The Masons of Crittenden and adjoining counties are earnestly requested to meet with us.

J. L. Rankin, Master.  
G. C. Wathan, Sec'y.

### Presented With Aprons.

Zion Hill Lodge No. 371, F. & A. M., Weston, Ky., extends thanks to Mrs. C. G. Moreland, of Fords Ferry, Ky., for the beautiful aprons presented to the lodge for the officers. Each apron bears the emblem of the station to which the officer fills. Mrs. Moreland is a great believer in Masonry and reaches out in that direction as far as she can. Again we thank Mrs. Moreland.

### BADLY HURT.

Fred Lemon Meets With a Serious Accident, and May be Permanently Crippled.

On Wednesday of last week, as he was going from his home in Shady Grove to Providence in a buggy, Fred Lemon met with a serious accident—one that may make a cripple for life. The horse he was driving became frightened and while endeavoring to hold him one of the lines was broken, and finding that his only safety was in jumping from the buggy, Mr. Lemon made the leap on a rocky hill-side, and one of his legs was broken at the ankle and the bone driven into the ground; the small bone of the leg was badly shattered for two or three inches above the ankle; the other ankle was dislocated. It was first thought that the foot would have to be amputated, but it was set in plaster of paris Thursday morning and at last reports the injured man was getting along fairly well. The break so near the joint, it is feared, may make the ankle permanently stiff.

### John Hendricks.

Hon. John K. Hendrick, of Paducah, who has been prominently mentioned as a prospective candidate for the Democratic gubernatorial nomination, is at the Louisville Hotel. To a reporter of the times Mr. Hendrick stated this morning that he would not be a candidate.

"I do not feel disposed to enter a contest," said he, "in view of the present condition of affairs. While I appreciate the compliment that has been paid me by friends who have been urging me to make the race, I do not feel that I could afford to neglect my law practice. I might win, and I might not. In any state of the case it would take up a good deal of my time. Of course I would like to be Governor. However, I have had some pretty rough experiences in politics, and don't want any more of it."—Louisville Times.

### A Keen Clear Brain.

Your better feeling, your social position or business success depend largely on the perfect action of your Stomach and Liver. Dr. King's New Life Pills give increased strength, a keen clear brain, high ambition. A 25 cent box will make you feel like a new being. Sold by J. H. Orme, druggist.

### TELLER FOR BRYAN.

Under Him, He Says, We Will Have an Administration Such as the Republic is Entitled To.

New York, May 8.—In a Washington dispatch to the World Senator Henry M. Teller, of Colorado, is quoted as follows:

I left the Republican party in 1896 because of its adoption of a platform favoring the gold standard. I predicted then that it would follow it up by establishing by law a gold standard if it came into power. This it has done; adding to it a provision that will practically destroy the greenback and treasury note and turn over to the banks the sole issue of paper money in the United States.

### MONEY QUESTION NOT SETTLED.

"The financial question is not settled by the passage of what is called the currency act, and I believe that will be a question of American politics until such time as we shall secure a proper bimetallic system. If I had not left the Republican party in 1896 I certainly should have left it on the passage of the gold standard bill of the present session. If Mr. Bryan is nominated on a platform recognizing the financial plank of the Chicago platform of 1896, and I have no doubt he will be, I shall give him my hearty support.

### ADMIRES BRYAN.

"I believe he has a very much better chance for success now than I believed he had in the contest of 1896. I think the American people have become better acquainted with his character, and none but fanatics believe there will be any danger in his election.

Personally I have a high regard for Mr. Bryan, both as to his moral qualities and his great ability. I may not agree with him on some views, but he is honest and if elected will make a President that will not be controlled by cliques or caucuses or trusts.

"In Mr. Bryan we will have an American Administration such as this republic of ours is entitled to."

### OLD STEAMBOATMAN.

Captain Damron Died at His Home in Evansville Saturday.

Captain James A. Damron after an illness of a week died at his home late Saturday afternoon after intense suffering.

Captain Damron was 62 years old at the time of his death. He was a native of Point Pleasant, W. Va., and when quite a young man moved with his parents to Gallipolis, Ohio, where he resided until 1852 when he located in Smithland, Ky.

At Smithland Captain Damron learned to be a pilot. He was in the hands of Captain Marine Daniel, one of the old-time steamboat men of his city.

Thirty-six years ago Captain Damron came to this city and secured a position on the steamer, Superior, as pilot.

The next boat on which Captain Damron secured a berth was on the Quick Step. After serving as master of the craft for several years he was employed by the Evansville and Paducah Mail Line Company and given charge of the steamer Joe Fowler. This was twelve years ago, and until he was taken sick Captain Damron never missed a trip. As captain of the Fowler he made nearly 1,900 trips.—Evansville Courier.

In Constipation HERBINE affords a natural, healthful remedy, acting promptly. A few small doses will usually be found to so regulate the excretory functions that they are able to operate without any aid whatever. Price 50 cts at Orme's drugstore.

If you are disposed to save money, keep on your mind the fact that I sell

I sell them right, and when you want to build, paint or furnish your house, give me a chance to make you some close figures. It may be that I will save you money, and I will appreciate a call.

Sincerely Yours

JESSE OLIVE.

### First District Republicans.

The First Congressional District Republicans in their convention at Paducah last week recommended Senator Deboe, W. S. Taylor, W. O. Bradley and A. S. White, colored, as delegates from the State-at-large to the National convention. John C. Gates, of Princeton, formerly a Democrat and attorney for the I. C. railroad, and Rev. Ridley, colored, of Trigg county were chosen to represent this district in the national convention.

### The Seining Law.

The law against seining in this State is as follows:

"That it shall be unlawful for any person or persons to catch or destroy fish in any of the running waters, lakes or ponds, other than private ponds of this State, by means of a seine, net, other than a dip-net, drag or trap, except streams forming the boundary line between this and other States.

Any one thus offending shall, on conviction, be fined in a sum not less than twenty-five dollars nor more than fifty dollars, for each offense, and cost of prosecution."

### Tradewater Bridge.

The contract has at last been made for the construction of an iron bridge across Tradewater at Bellville. Out of eight bidders the contract was awarded to the Champion Bridge Co., last Thursday for \$2,900. It will be remembered that \$1,500 was appropriated by the Fiscal Court for this purpose and the remainder was raised by popular subscription, nearly all of it having been subscribed by the business men of Providence. The structure will be worth much to the farmers of Crittenden county and also to the business interest of Providence. The contractors, we understand, agree to have the bridge completed by Sept. 1st.—Providence Record.

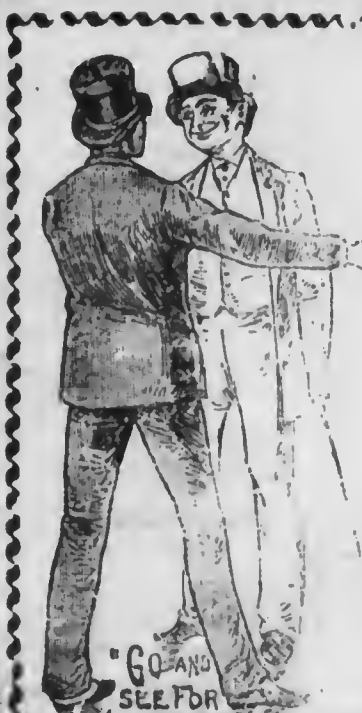

Sunday was the hottest May 13 in twenty-eight years at Chicago and thermometers registered as high as 90 as far north as Winnipeg.

### DON'T KNOW

Whether He Will Return to Kentucky or Not.

Indianapolis, Ind., May 14.—W. S. Taylor, of Kentucky, arrived in this city on an early morning train today on his way from Washington to Louisville.

"Will you go back to Kentucky, if the decision of the United States Supreme Court is against you?" he was asked.

"I hardly think it would be the proper thing for me to do," Mr. Taylor replied. "Yet now I cannot tell what I shall do. My mind is not yet fully made up on the question."

Taylor said he believed that Youtsey and the others now accused would finally be set at liberty.

### Card of Thanks.

I desire to return my most sincere thanks to the many friends in Marion and to the physicians and the minister for their kindness and devoted attention to our dear husband and father during his fatal illness. We shall ever cherish their many kind deeds and expressions of sympathy.

Mrs. A. D. McFee and children.

Petersburg, Ill., Oct. 13, 1899. Pepsin Syrup Co., Monticello, Ill.

Gentlemen:—Our baby Esther has never tasted a drop of medicine other than Dr. Caldwell's Syrup Pepsin for more than a year. It entirely cured her of constipation. She is a lovely child and since I gave her your medicine she has been perfectly healthy, altho' she had not well and strong until we began using it. We know of others who are using it with equally good results. Wishing you success.

Gratefully yours,

Mrs. C. A. Truckmiller.

A Scotland Yard superintendent says: "London is the home of thousands of anarchists. Their numbers are constantly increasing. The worst of them plot assassination. The mildest of them live by keeping gambling dens and defrauding the revenues. Doubtless the time is not far distant when Great Britain will be compelled to apply the Chicago treatment to the bunch of them."

At a public gathering in England Lord Salisbury made a speech in which he warned his hearers that in this eventuality the Empire could trust no profession of friendship abroad, but must be prepared to stand or fall by her own might, and he urged the formation of rifle clubs among all classes and the training of every youth for the possible defense of the country against foreign invasion.

James Howard, of Clay county indicted for the murder of William Goebel was delivered at the Franklin county jail last week by Sheriff White, of Clay county. Howard protests his innocence and expects to prove an alibi. He says he was not in the Statehouse until the afternoon after the assassination. The Goebel brothers had offered a personal reward for the arrest of Howard and it will be paid to Sheriff White if he will accept.

**Ladies' Draped Waist.**  
This dainty draped waist of pastel blue with yoke and sleeves of tucked mousseline de sole, is trimmed with bands of black ribbon velvet fastened by tiny cut-steel buckles. The glove-fitting lining which closes in the center back is faced to a square yoke depth with tucked mousseline. The plain backs are applied at the lower edge of the yoke, fitting smooth to the waist line.  
The front is draped in soft folds slightly bloused, which gives a stylish, full effect so becoming to slender figure.

The close-fitting sleeves of tucked chiffon as shown are finished with circular cuffs which fall over the hands. Straps of black ribbon velvet over the shoulder and upper sleeves are decorated with small steel buckles. A soft velvet belt completes the lower edge of the waist.

The mode may also be used for an evening corsage omitting the yoke and sleeves. Lovely waists of this style may be executed in satin taffeta foulard, India silk, Venetian cloth or poplin, with yoke and sleeves of mousseline de sole, all over lace embroidery or applique. To make the waist in the medium size will require one and three-quarter yards of twenty-two inch material, with two and one-quarter yards of tucking, lace or any selected material. **MAY MANTON.**

**Advice to a Visitor.**  
If you are taken ill while on a visit to a friend's house, and you can manage to get away without seriously injuring your health or distressing your host or hostess, then pack up your things and be off. It is always very uncomfortable to be ill while on a visit, except, of course, to relations you are fond of, or to very intimate friends; but, if the illness is one where it would be suicidal to travel, then all you can do is to resign yourself to circumstances; and, while giving as little trouble to the servants and others as possible, set to work to get well as quickly as you can. Remember that nerves have a great part in all sickness, and if you mean to get well quickly, in all probability you will.

**To Freshen Patent Leather Shoes.**  
Sprits of turpentine applied with a soft cloth removes the dull look that patent leather gets when its youth is over, and brightens the leather so that it looks almost like new.

**For an invalid.**  
Take some water crackers, steep them in milk for ten minutes, take them out, dust them with a little salt, cayenne and black pepper and bake them in a slow oven for twenty minutes.

## QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Bilio-nousness. Doctors were scarce and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other other-aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by R. F. Haynes.

## The Tell Tale Corner.

Happening Among the Young People.

Edited by three of them.

Immediately on seeing the first issue of the Tell Tale Corner that appeared last week, several of our dear young friends, influenced by that destructive principle and kernel of the forbidden fruit—curiosity, which caused man's fall from Eden, decided to discover at any cost the exact address of the editors and to work they went. But the over-curious are not the over-wise and after long and arduous search the amateur detectives found that they were still ignorant of the real identity of the editors. Now in order to let the youngsters have a still harder search, we, the old editors, will retire and a new and more competent staff will take our place. We secured these three notables from among the ancient myths that dwelled with Jupiter on Mount Olympus, the mythological abode of the Grecian gods. After much negotiation and the exercise of great diplomacy this wonderful trio has consented to leave the land of shades, cross the murky waters of the Styx and take charge of Tell Tale Corner. Minerva, the goddess of wisdom is one member of the staff. Knowledge will not then be wanting. Venus the lovely goddess of beauty, love and laughter, will exercise her wonderful powers in beautifying and inter-mixing love and laughter with the wisdom of Minerva, and Mars the god of war, the warrior of Jupiter, lends his mighty powers to this great cause and with his other duties stands as the fighting editor of the Tell Tale Corner. And now, being confident of the success of the Tell Tale Corner, and thanking the youthful detectives for the interest they have taken in us, we will retire to spend the summer in the House-Boat on the Styx.

If the old maxim, "early to bed and early to rise, makes a man healthy, wealthy and wise" is true, we are sorely afraid that the coming men of Marion will be neither healthy, wealthy or wise.

We have no doubt that Henry Haynes would receive a very warm reception were he to go where he was told, Friday night, by an unknown gentleman seeking admission into the Congressional Hall. Henry is not anxious to go.

When the city clock tolls the solemn hour of 10 P. M. Dean Woods hears a heavy foot fall, a warning knock on the door, he utters a mournful sigh, grabs his hat tells some one goodbye and departs to find rest in the arms of Somnus.

Picnics and parties are on the decline this week. We hope that in the succeeding weeks we shall have more of each to tell you about.

Mr. Charles Evans keeps the streets dusty with his new red buggy.

On last Thursday a crowd of the boys and girls of this city arose bright and early to go on a picnic. They left town between the hours of seven and eight o'clock and directed their course toward the Crittenden Springs, which destination they reached after an hour or two had passed. A pleasant time was spent resting and conversing. After a sufficient time had been taken up for resting, it was about time for dinner. The girls set to work and in a few minutes every body was enjoying a delightful and refreshing repast, which had been carefully and willingly prepared by the girls. When dinner was over several hours were spent in roaming over those cool and shady woodlands, viewing nature's beauties.

They observed now that the sun was bidding them good-night and going to his resting place. This told them that night would soon draw nigh and that they must be nearing their homes. So they all started home after having enjoyed a delightful day. They arrived in Marion late in the evening and each one felt happy over their pleasant picnic.

Two of Marion's most popular young ladies are engaged this week, in the noble and delightful occupation of house-cleaning. One works incessantly, while the other, being very pious only, works in the afternoon, while she attends church in the morning. We think they will get through the work by July.

## FEAR OF HYPNOTISM

IT GIVES A SINGLE YOUNG MAN ANXIETY.

He is Afraid He is Going to Be Married in Spite of Himself, and So He Gives the License Clerk a Timely Warning.

Lowell Putnam is in a predicament. He is afraid he is going to be married. He doesn't want to be married yet he is fearful that he will awaken some morning and find a wife among his possessions. He believes that a certain young woman has set her cap for him and will carry her desire into effect by hypnotizing him.

Putnam called at the marriage license office yesterday and explained matters, partially. He did not go into many details, but he wanted it thoroughly understood that if he called at the Court house and asked for a license to wed it was to be refused. He said he did not want a license and if he came for one it would be evident that he was under the hypnotic influence of the young woman who accompanied him.

These rather peculiar remarks led a member of the Republic staff to ask Mr. Putnam for an explanation. Mr. Putnam was at his home, 1121 North Leonard avenue, and he received the reporter in a room whose walls were literally covered with guitars, mandolins and violins. They were hung in racks which extended from the ceiling to the floor, and scattered about on tables and chairs were other instruments. Piles of music lay upon the mantle shelf and filled the bookcase. Mr. Putnam explained the array with the remark that he played a little sometimes. In the directory he is accredited with being a professional musician. He became ill at ease when the subject of his visit to the marriage license office was broached and said that hypnotism had caused him a great deal of trouble and notoriety which, he said, he was anxious to avoid in the future. After a time, however, he consented to say a little about the case.

"Some time ago I met a young woman who has since manifested an unusual interest in me. I did not mind this at first because she is refined and pretty. But a week or two ago I discovered she was in love with me and wished to marry me. Perhaps she did not say so in so many words, but I interpreted what she did say and her actions correctly. I know.

"Then I realized for the first time the power she had over me. I followed her interest suggestion without being able to tell why—except that it was hypnotism. Sometimes these suggestions were spoken, sometimes not. At any rate, I obeyed them."

It was remarked that perhaps Mr. Putnam, because of his previous experience with hypnotism, was an unusually good subject, and the young woman was simply experimenting upon him. Mr. Putnam shook his head.

"No; she has an object. I am not going to tell you how I found out it was her intention to marry me, but it was in a way that leaves no doubt in my mind as to her intentions. She has resolved upon it, and my trip to the license office was simply for my own protection. I have no objections to the young woman personally, but I do not intend to marry her if I can help it."

"I know from what I have done at her suggestion that it would be an easy matter for her to come here some morning, place me in her power and compel me to obtain a license, and marry her. While in a hypnotic state any one, and therefore, no preacher would refuse to marry us. I know what is going on, but am powerless to break away from the influence which this young lady exerts over me."

"I explained matters at the license office fully, and told the man I saw there not to give me a license under any condition whatever. I told him that if I did apply I might plead ever so hard for the license and offer him any reward if he would issue it, but he must not listen to me, as I would be in a hypnotic state if I applied for the paper."

"Of course, if the girl learns of this—for I do not think she understands the complete control she has over me—she will probably try and get me under her control and take me to some other city for the purpose of marrying me. For that reason I have taken other precautions of which I do not care to speak."

Mr. Putnam refused to give the name of the pretty young woman who is trying to hypnotize him, and his brother Joseph, who is employed in a Washington avenue wholesale house, said he could not imagine who she might be. In fact, he was surprised to hear of the affair, he said. He claimed to know of no one whose actions might lead his brother to believe she was trying to marry him.

Mr. Putnam is about 30 years old. He received considerable advertising a few years ago when a hypnotist and spiritualist left town rather suddenly after interesting a number of young persons in his work. The occasion of his departure was a tragedy in which the son of one of the best known families in town figured. St. Louis Republic.

### Phonography.

Shorthand of a rudimentary sort was practiced by the Romans. Jiro, the freedman of Cicero, introduced a system which was only an abbreviated longhand. The ideal held before them by inventors of more modern systems is more rapid and accurate. It is described by one of the early fathers of the art, Peter Bales (1547-1610). In these words:—"To write as fast as a man speaketh treatably." He acknowledges that this may seem hard saying, but insists that in effect the method is very easy, "containing a many commodities under a few principles, the shortness whereof is attained by memory, and swiftness by practice, and sweetness by industry."

Not even an approximation, however, to this ideal was reached until 1837, with the publication of Isaac Pitman's system of shorthand, entitled "Phonography." He revolutionized the art by making his phonographic signs represent the sounds of the English letters. Other inventors, like Anderson and Taylor, have made more or less important improvements upon Pitman's system, but Pitman remains the master mind of modern phonography and his books the master-works in this line of human achievement.

## W. J. LARUE.

W. J. Larue answered the roll call "up-yonder," April 24, 1900, aged 72 years. He was born and raised and spent his long and useful life in Crittenden county, Ky.

He acquired a common school education, and made his start in the world by teaching school. His many pupils, now citizens in various parts of the country, testify to his worth in this connection. He held important positions of honor and trust in the county, having been county surveyor for sixteen years.

He married Miss Susan Threlkeld, in Feb'y, 1855. This union was blessed with eight children, all of whom, with their mother survive him.

He professed faith in Christ and joined the church in early life and faithfully performed the duties and obligations of a church member. Soon after joining the church he was chosen and ordained deacon, "serving the office of a deacon well" for nearly half a century. He was also clerk of his church almost all the time he was a member. He was a good man, full of faith and wisdom, and the cause was strengthened by his humble life.

He was a Master Mason and was buried with Masonic honors. A large assembly was in attendance at the funeral services conducted by the Masons and the pastor of his church.

"For if we believe that Jesus died and rose again, even so them also that are fallen asleep in Jesus will God bring with him. Wherefore comfort one another with these words."

ONE YEAR ONE DOLLAR

Already there are three presidential tickets in the field, and the ball has fairly got to rolling.

On account of the frauds in the department Postmaster Thompson of Havana has been suspended.

We have 65,000 men in the Philippines and it costs \$2,000 a man per year to keep them there.

In order not to come in contact with the Senate's shoe, Senator Clark, of Montana, has resigned, and will be re-appointed by the governor.

The Federal office holder under President Cleveland wasn't allowed to stay over night in a town where a political convention was held, but he was a popular President long at a time.

Mr. Towne, the Populist nominee for vice-President, will make a neat bow and retire if the Kansas City convention does not endorse him. He is not a run or ruin kind of man.

The Supreme Court has decided that the inheritance tax law is unconstitutional. As it has decided that the income tax is unconstitutional, the court evidently has a kinder feeling for the living than for the dead.

The Honest Election League of Louisville is flooding the State with letters to arouse public sentiment to demand a fair election law. The League wants fairer sailing in the use of L. & N. money to correct elections.

Six thousand dollars for seventy-four acres is the high water price so far reached for land in this county. As the fact becomes known that our farms are as valuable on the bottom as on the surface, we may expect this delightful thing to continue.

"We are pained and disappointed at the course of the President in the matter, is one expression in the resolutions.

It is reported that gold has been discovered in Casey county. A little more than a year ago, we were mighty busy discovering the precious stuff in this county, but now we have quit following that jack-o'-lantern, and have gone to digging lead, zinc and spar, and find this a more profitable if not quite such an enticing game. May Casey have the same good luck.

The Paducah News says that it is just trying to apply a little common sense poultice to the sore places on the Press. That's just where we object. We don't want anything but an authorized practitioner fooling around our anatomy. The News was out practicing in the gubernatorial campaign and the public knows full well the result of the work of such poultices as it and its kind applied. The News is so in the habit of having itself patched up with a little common sense by any old things that comes along that it imagines itself authority in any kind of a case.

The Senate has passed the naval appropriation bill. Under its provisions the Secretary of the Navy is authorized to procure armor of the best quality at \$445 per ton, but if unable to obtain it at that price he is authorized to pay \$545 per ton for the armor for the battle ships Maine, Ohio and Missouri, and proceed to erect an armor factory to cost not to exceed \$4,000,000, one half of which amount is made immediately available. The committee's proposition carried by a vote of 32 to 19. The Secretary of the Navy is directed to purchase five Holland torpedo boats at a price not exceeding \$170,000 each.

Seven states will hold elections prior to the presidential election on next November, as follows: Oregon, June 4; North Carolina, August 2; Alabama, August 6; Arkansas, September 3; Vermont, September 4; Maine, September 10, and Georgia, October 3. The outcome in North Carolina, Alabama, Arkansas, Vermont and Georgia can not be expected to have much political significance. The elections in Maine and Oregon are usually watched with considerable interest, however, for any bearing they may have on the presidential contest.

The Henderson Gleaner says: The State Board of Education has directed that all persons holding licenses to teach must take an examination in American literature. This is in accordance with an act of the last legislature which made provision for the teaching of the branch, American literature, in the common schools. Another law provided that when new subjects are taught the teacher must pass examination on these subjects. There are a large number of teachers throughout the State who hold what are termed exemption licenses. These are obtained after teaching a certain number of years if the teacher holds a diploma from a State normal college, or has passed a certain examination which is intended to show the qualifications of a graduate of the State normal. All these will now have to report for examination in American literature on questions submitted by the State board.

# THE SUNDAY LAW.

Sec. 24. No work or business shall be done on the Sabbath Day, except the ordinary household offices, or other work of necessity or charity. If any person on the Sabbath Day shall himself be found at his own or any other trade or calling, or shall employ his apprentices or other persons in labor or other business, whether the same be for profit or amusement, unless such as is permitted above, he shall be fined not less than two, nor more than fifty dollars for each offense. Every person or apprentice so employed shall be deemed a separate offense.

The Mayor's statement in the Press last week that he would enforce the "Sunday law" set the town agog, and a warm discussion of the matter continues. There are those for it and those against it and it is likely to be a matter of local interest for some time to come. The following are the expressions of a number of the citizens touching the matter:

W. H. Copher—I am against enforcing the law.

H. V. Stone—I am in favor of enforcing the law. Six days are enough for any man to work.

C. G. Wilson—I am against it. S. Gugenheim—I don't want to do any business on Sunday, the other fellow can do as he pleases.

W. B. Yandell—I am not in favor of transacting business on Sunday. Let others be governed by their conscience.

H. Koltinsky—I abide by the action of the council.

G. H. Hurley—if anybody wants any little thing on Sunday, let them go in and get it.

C. E. Doss—I am in favor of enforcing the law.

Ed. McFee—it makes no difference to me which way it goes. I don't approve, however, of keeping open on Sunday.

G. E. Boston—I am straight out for the strict enforcement of the law.

A. J. Baker—I have nothing to do with it. I don't do business on Sunday.

W. D. Browning—I am in favor of enforcing the law.

G. N. Boston—I am for enforcing the law to the fullest extent.

C. J. Pierce—I want livery stables and every other form of business closed up on Sunday. Close all or none.

W. T. McConnell—I am for the Sunday law all the way around from teeth to toe-nails.

J. B. Hubbard—I stand on the Bible declaration or injunction: "Remember the Sabbath and keep it holy."

P. H. Woods—I am for enforcing the law strictly.

Robt. Fowler—I am not for it. Jas. Paris—I wouldn't close the butcher shops.

W. D. Cannon—I am in favor of the Sunday law.

Robt. Hodges—Enforce the law.

J. P. Pierce—I am in favor of closing business of all kinds.

M. Schwab—I am in favor of enforcing the law, if everybody is made to observe it. I am glad to get a day's rest.

J. B. Grissom—I am against any Sunday law; if a fellow wants something to eat, he ought to get it.

A. M. Henry—I heartily approve of the strict enforcement of the law.

R. E. Pickens—I am in favor of the law. I think if a man can't do business enough through the week, he had better quit.

G. C. Gray—I am in favor of enforcing the law.

Tom Clifton—I believe in observing the Sabbath, but I am not a fanatic, don't believe in extremes.

T. H. Cochran—I am for closing every business on Sunday.

J. A. Moore—No business house ought to keep its door open on Sunday. The drugstores must necessarily do some business on Sunday.

G. M. Order—I favor enforcing the law.

J. W. Givens—I had rather not work on Sunday, but for the convenience of the people, the butcher shops ought to be kept open a little while on Sunday.

R. F. Haynes—There should be no whisky sold on Sunday. Two hours is enough for any business on Sunday. Drug stores should be allowed the privilege of keeping open to 10 a. m., and then close until 1:30 p. m. We fill on an average ten prescriptions every Sunday, and to close up and go home, would keep us on the run all the time.

## DOCTORS MEET.

Morganfield District Medical Association met at Blackford Monday.

The Morganfield, Ky., District Medical Association met in Blackford, Ky., May 14, 1900. Papers were read by Drs. Hayden, of Evansville, Ind., T. J. Shoemaker, of Morganfield, W. J. J. Parls, of Marion and S. S. Amerson, of Sullivan.

One of the features of the meeting was the number of the laity that was present. President Henry invited them, and in his remarks said it was the desire of the association always to have every one present that wanted to come, for these meetings are intended to benefit the laity; for a medical society is something like the post graduate school to both the young and old physicians. Friction of mind against mind in amicable discussion liberalizes and enlarges the scope of each and acts as learning to the entire profession. Here each contributes to the instruction and intellectual recreation of the others. In attending these medical meetings we never fail to learn something new and will be beneficial to our patients. A physician in these days of progress who does not attend these meetings and enter into the discussions will soon become like the silver dollar when you put it off to itself, "rusty." Take several silver dollars and put them in your pocket when they are continually coming in contact and what is the result: they are bright. Again those who can brook no opinion that does not accord with their own, are usually rash and indiscrete and very unsafe guides. Again these same physicians, on account of unprofessionalism, have been refused membership to these societies; have to a certain extent, influenced or caused a great many of the laity to believe medical societies exist only for the pecuniary advancement of the doctors, just as trades unions, monopolies, trusts, etc. It would be well to ask these fellows if they are members; if not, why not? and come for yourselves and see what we are doing. The question of charge has never come up and there is no restriction as to the amount we shall charge. If it wasn't for the medical societies the practice of medicine would be as far behind its present standing as those fellows that don't attend these meetings are behind the old "granny women."

At this meeting W. J. J. Parls was elected vice-president, and J. J. Clark, treasurer.

## News from all over the County.

Happenings of the Week  
As Chronicled by Our  
Special Correspondents.

### NEW SALEM.

There is considerable sickness in this community at present.

Mrs. Nollie Oliver united with New Salem church Sunday.

Rev. Aaron Humphreys filled the stand at Emmaus Sunday.

Fred Penn, assisted by some twenty of his neighbors, erected a fine tobacco barn last week.

The largest crowd attended services at New Salem Sunday, then has for many years.

Tom Wring and wife, of Marion came down to attend services at New Salem Sunday.

Mrs. Bell Lindley and daughter, and Miss Cora Purker, of Salem, attended church here Sunday.

C. R. Stevens and wife and E. L. Franklin and wife, of Salem, attended services here Sunday.

Rev. Lowery came up the second Sunday to assist Rev. Oakley in holding communion services.

Mrs. Josie Tyner is spending this week with her daughter, Mrs. Blanche Harris, of Green's Ferry.

Bill Davenport has his blacksmith shop running in full blast now, and is doing some good work for our farmers.

Henry Bronster's flock of sheep averaged 7 1/2 pounds of wool to the sheep. Henry has about the finest lot of sheep in the county.

Road working is now in order. We understand some of the road supervisors are having a little trouble to secure plows and teams at the present price, \$1.25 per day.

The prospect for a fine crop of tobacco in this valley is not as promising as it was a month ago, owing to the backward growth of the tobacco plants.

Fred Kirk took his wife to Henderson last week to be treated, but returned home without the operation being performed. We understand her health would not permit an operation now.

The mining interest is opening up again. Will Lowery returned from Louisville Friday, where he went, we understand, to see about the mining interest of this and Livingston county.

Your correspondent by special invitation, visited the rabbit farm of Uncle Sam Wolford. He has rabbits all sizes and ages, and by the coming winter he can supply the market with cotton-tails.

Mrs. Roxie Summers has quite an enroisity in the shape of a four

### ALL WOMEN AGREE.

A druggist in Macon, Ga., says: "I have sold a large quantity of Mother's Friend, and have never known an instance where it has failed to produce the good results claimed for it. All women agree that it makes labor shorter and less painful."

### Mother's Friend

is not a chance remedy. Its good effects are readily experienced by all expectant mothers who use it. Years ago it passed the experimental stage. While it always shortens labor and lessens the pains of delivery, it is also of the greatest benefit during the earlier months of pregnancy. Morning sickness and nervousness are readily overcome, and the liniment relaxes the strained muscles, permitting them to expand without causing distress. Mother's Friend gives great recuperative power to the mother, and her recovery is sure and rapid. Danger from rising and swollen breasts is done away with completely.

legged chicken. His chickship is up and pert as any other chicken and seems, if let alone, to rise to the years of chickenhood.

### EMMAUS.

Miss Maria Hodge is visiting at Iuka.

Miss Alma Hodge spent Sunday in East Claylick.

The Hodge mines have telephone connection now.

F. M. Brown is building a residence near the Wolfe Den premises.

Harrison Shreeve made a hurried tour through our peaceful little valley Saturday.

Mrs. Tommie Wring, of Marion, was in this neighborhood last week visiting her parents and friends.

Aunt Liza Redd went to Marion Sunday to visit her son, Wm. Redd. Aunt Liza is perhaps the oldest woman in this section of the county, having passed her seventy-fifth mile stone as counted by years.

Who is going to start the Sunday school movement? Push this matter and let's be on equal footing with our sister Sunday schools. Emmaus remains in the "backwoods" in this matter. So now let's get out. Somebody start'er.

Your itemiser attended the all day meeting at New Salem Sunday, and had the supreme pleasure of enjoying the hospitality of some of those genial, and clever people among whom were Messrs. Frank Threlkeld, Fred Brown, Harrison Shreeves and their families. The church at New Salem is progressive, and seems to be enjoying a steady boom. No better people than the New Salemites live.

### FREDONIA.

Chas. Wigginton went to Sullivan Sunday.

Several from Crider were in town Sunday evening.

J. M. McChesney and wife have relatives visiting them.

Nice line of parasols 50 cts to \$2.50.—C. B. Loyd.

Six couples went from town to Kuttawa on a fishing trip last Friday.

Bring me your wool and get highest market prices.

C. B. Loyd.

Mrs. William Cooper and son of Christian county, have been visiting in town several days.

See our pretty patterns of silk for waists, also the newest line of embroideries.—C. B. Loyd.

A great deal of ground has been prepared for tobacco and a good rain is anxiously awaited.

Dr. J. N. Todd will attend the Western Kentucky Medical Association at Paducah this week.

Best line of Dimities, Organdies, Laces, Percales, Coverts, Etc.

C. B. Loyd.

Will have a new line of wash goods next week at a reduction of 50 per yard; 15c cent goods for 10c; 20c goods 15c.

Sam Howerton.

We still lead in clothing. If you want a pair of pants in sizes hard to get come to me—sizes 34x36, 36x36, 38x36, or 50 inches on down in the waist, all lengths. Sam Howerton.

### Alas! How Soon Forgotten!

is an ache or pain or trouble of any kind when one is well rid of it, and if it happens to be Headache or Stomach Trouble it's a bother to you, take Dr. Caldwell's Syrup of Pepsin, and you will not only forget you ever had it, but will know that you are not liable to have it again. The dose is small and it is pleasant to take.—J. H. Orme and R. F. Haynes.

### CARRSVILLE.

H. D. Rutter and T. B. Hall are doing insurance work this week.

W. L. Baker, jr., is clerking in the dry goods store of Clemens & Likens.

Prof. Howard left for Memphis Saturday where he will be engaged during the summer.

Rev. Gibbons preached the funeral of Geo. W. Manhart at the Methodist church last Sunday.

Profs. Wright and Kemper are planning their wings for pedagogical laurels in Crittenden county next winter.

At the election Saturday for trustees of the graded school Messrs. Ellis, Kroker and Thompson were elected.

A protracted meeting is in progress at the Methodist church. The pastor, Rev. Gibbons is doing the preaching.

We note the fact that Mr. J. O. Rutter who parents reside here, received a slice of pie the other day at Frankfort.

Already the teacher boys are planning to "take in" the First and Second Districts Educational Association at Marion the 25th and 26th.

A. J. Chittenden, of Marion, L. L. Kennedy and Dr. Masoncup, of Lola, and Mr. Rector, of Hampton, were pleasant callers in our town last week.

Mrs. John Garrett who has been ill for some time died at her home near here last Saturday. She was a most amiable and devout christian lady and leaves a husband and one child to mourn her loss. She was only eighteen years old. The remains interred at the Garrett burying ground, Rev. Gibbons conducting the funeral ceremonies.

### WESTON.

R. N. Grady has purchased a new buggy.

Hugh Brown has let the contract to have his house repaired.

L. R. Cain still argues politics and talks free silver to the boys.

Uncle Sam Henth, regardless of old age, comes to town about twice a week.

Several people from here attended the funeral services at the Chapel Sunday.

Will Eberly, of Dyousburg, is visiting friends and relatives in this neighborhood.

Messrs. Dillard, Farmer & Co., have bought George Robinson's big saw mill, and have it operation near Rosebud church.

Willie Asher, as a last resort, went to the hospital at Evansville to have an operation performed. He was accompanied by his brother, Jeff, and Dr. Newcom.

Mrs. Amanda Crowell is suffering very much from a fall she received a few days ago.

Our little town is on a boom, I think it will come to the front yet especially, if we get a saloon here.

### TOLU.

Dr. Threlkeld, of Salem, was on our streets Monday.

Mrs. Warford went to Paducah on the packet Tuesday morning.

Miss Addie Alexander, of Marion visited in Tolu, Saturday and Sunday.

Miss Mary Nation of near Ford's Ferry is mixing with the young folks of Tolu.

Wheat fields that a few days ago promised bountifully are now ruined by the Hessian fly.

Mrs. Laura McFarlan of E'town visited her parents, Mr. and Mrs. McAmis, of this place, Sunday.

Our friend, A. J. Bennett, one of our most prosperous farmers, was in our village Sunday.

Herbert Myers has moved into his new house and now looks as cozy as a king in his palace.

Bro. Dupuy preached from Thursday of last week until Sunday night at his church in this place.

Dr. J. D. Warford extracted a bullet from the neck of a boy of Mrs. Lynn, that had been there for a year.

Miss Maggie Franks returned from a trip to Evansville and Fredonia. She claims to have had the best time of her life.

Simp Weldon boasts of having the best buggy in the state, it having been tested by running from Tolu to Fords Ferry under the weight of a whole Nation.

Miss Etta Stone returned home last week from a two weeks visit to her sister, Mrs. Humphrey, at Sturgis.

Mr. and Mrs. Reynolds left Monday morning for their home in Florida. Mrs. Reynolds is a daughter of Rev. B. A. Cundiff.

### LONE CEDAR.

Press Fritts visited James Cleg-horn Sunday.

Guy Lofton is enjoying a new bicycle.

Abel Lawrence visited his father in Illinois last week.

We enjoyed the serenade Thursday night. Come again boys.

John Simpson and Joe Gass visited Henry Fritts last week.

Mrs. McFee visited her daughter, Mrs. J. E. Dean last Sunday.

Sunday school was organized Sunday with forty-seven scholars enrolled and several visitors. The people seem deeply interested and we hope to have a good school.

A good crowd attended the Southern harmony singing at Mrs.

Lofton's Sunday evening. The old folks did some good singing, although they were a little out of practice.

Miss Goldie Patmor, of Marion, is visiting relatives in this neighborhood.

J. E. Dean and daughter, Annie visited relatives at Crider last Saturday and Sunday.

D. W. Jackson is smiling over the arrival of a new girl at his house.

Ransy King went to see his best girl Sunday. Wonder what his second best will say?

Mrs. Elder of Marion, was the guest of her daughter, Mrs. Daniels, week before last.

The musical at D. H. King's Tuesday night was a grand success.

### TWO TICKETS ARE NAMED.

#### MIDDLE-OF-THE-ROADERS

Name Their Ticket and Promulgate Their Platform.

At their national convention in Cincinnati last week, the Middle-of-the-Road Populist nominated Wharton Baker for President and Ignatius Donnelly, for vice-President.

The platform remands the initiative and referendum, the public ownership and operation of those means of communication, transportation and production which the people may elect, such as railroads, telegraph lines, coal mines, etc., a scientific and absolute paper money, based upon the entire wealth and population of the nation not redeemable in any specific commodity, but made a full legal tender for debts and receivable for all taxes and public dues and issued by the government only. The levy and collection of a graduated tax on incomes and inheritances and a constitutional amendment to secure the same is necessary, and the election of President, Vice-President, Federal Judges and United States Senators by direct vote of the people.

#### FUSION POPULISTS

Nominate Bryan and Towne, and Make A Platform.

The Fusion Populist Convention at Sioux Falls, South Dakota, nominated Mr. Bryan for President and Chas. A. Towne for Vice-President. The platform denounces the Republican party, and condemns imperialism and militarism; demand the initiative and referendum and free silver at 16 to 1; denounces the importation of Japanese labor; declares for a free ballot, and against government by injunction; favors popular control of public utilities; demands cessation of war in the Philippines, and sympathizes with the Boers. There was a warm fight over the nomination for Vice-President, as many of the delegates were opposed to making a nomination for second place on the ticket.

It is claimed that Mr. Towne will cheerfully withdraw, if he is not endorsed by the Democrats at Kansas City.

Senator Allen, Gen. Weaver and Jerry Simpson paid high tribute to the life and character of Mr. Bryan.

### OSTEOPATHY.

#### Its Advantages as a Profession.

It settles successfully the question, "What shall I do for a living?" Osteopaths are in demand. The supply is very limited. It constitutes an entirely new profession. It presents the opportunity of a life-time to all who are willing to be faithful. It solves the problem of financial support. It yields the largest returns from the least capital. It only takes twenty months to become qualified. It sets a premium on average ability, and opens a door to the highest talent. It illustrates another new victory in scientific achievements. It relieves from the pressure of competition. It fulfills the universal obligation to do good. It wins the gratitude and enthusiasm of its patients. It qualifies for a blessed ministry to others. It makes its way amidst prejudice and opposition. It responds to the needs and demands of an eager public. It fascinates with the charm of a new and helpful discovery. It brings hope and health to multitudes otherwise invalids. It alleviates the burdens of the sick and the suffering. It gives knowledge of the workings of our bodies. It makes life worth living. It unfolds the grandest science of being and well being.

It tells how to get well and how to keep well. It tends to the highest self development and improvement. It inspires confidence by its good works. It qualifies for immediate service. It takes no time to establish itself. It is popular with the people. It is founded on Nature. It is true. It is fact. It is for woman as well as man. Write and find out more about it, if you want the best thing to do. Catalogue and Journal of Osteopathy for the asking. Address The Southern School of Osteopathy, Franklin, Kentucky.

#### Alone in Mid-Ocean

or on the train, in the house or while at your office duties, you are subject to disagreeable results from irregular or excessive diet. Dr. Caldwell's Syrup Pepsin cures positively Constipation, Indigestion, Sick Headache and Stomach Trouble. Sold by Orme and Haynes.

#### Hessian Fly.

The farmers from all sections of the country report that the Hessian fly is playing havoc with the wheat fields. A few weeks ago the prospect for a fine yield of wheat was never better, now it is anything but flattering.

Nothing has ever been produced to equal or compare with **TABLER'S BUCKEYE PILE OINTMENT** as a curative and healing application for Piles, Fissures, blind and bleeding, external or internal, and itching and bleeding of the Rectum. The relief is immediate and cure infallible. Price 60c in bottles. Tubes 75 cents at Orme's drugstore.

### WAR TO THE DEATH.

Pests of the Poultry Yard Must Go!

American Lice Destroyer Kills More Mites, Lice and Other Vermin in a Day Than all Other Remedies Combined.

The war is on! The days of lice and vermin that have done so much to make the life of the poultryman miserable, and his business unprofitable are over. American Lice Destroyer is the proper ammunition to use! This preparation is wonderful in its power, and vermin cannot exist 24 hours after it is applied to the coop of fowls. Every poultryman needs it. It is cheap, reliable and effective, one package being sufficient to protect 250 fowls from mites and lice for one year. When this Destroyer is used, profits at once increase. Lice and vermin do more to kill profits than all the other causes combined. You know it. Don't go losing money every week, but try American Lice Destroyer. You may have tried other things without success, but if this fails you can have your money back. We are in this fight to stay, and will back Destroyer against any number of mites or lice you may have. Don't fool away money with "receipts" or home-made makeshifts. Use scientific means. The American Lice Destroyer has been used by thousands of poultrymen; it has been on the market several years and has been tested thousands of times. We know it is all right, and if it doesn't do the work remember you get your money back. What more can you ask? If your druggist don't sell American Lice Destroyer, he's behind the age. In that case send for \$1.00 box at once. Made only by the American Mfg. Co., Terre Haute, Ind.

### GENERAL ASSEMBLY

Of the Presbyterian Church to Meet in St. Louis.

#### THE QUESTION OF THE CREED.

St. Louis, May 13.—In this city on Thursday next the Presbyterian General Assembly will meet. Eminent divines and laymen to the number of about 1,000 from every synod and presbytery in the United States will be present. Only once before, in 1874, has the united body met in this city. The interest of the topics on the program and the scope and possible effects of the overtures to be presented will make this one of the most important assemblies held for the past twenty years. One of the most important matters to be brought up is the question as to whether or not the Westminster confession of faith shall be revised. This is a question that is disturbing a large part of the Presbyterian Church.

The following are the sections in the

confession to which, it is said, exceptions are taken:

3. By the decree of God, for the manifestation of His glory, some men and angels are predestinated unto everlasting life and others foreordained unto everlasting death.

4. These angels and men, thus predestinated and foreordained, are particularly and unchanged designated, and their number is so certain and definite that it cannot be either increased or diminished.

Several Presbyterians have asked specifically that the assembly should appoint a committee to consider the whole question of creed revision, while others desire simply that a new creed should be offered, leaving the old one untouched, to be preserved intact as an historical document, while the new version shall be the working creed of the Church.

# IT WORKED.

His Story Just Sifted the Good Old Lady.

"There is a good old lady in one of the western towns who prides herself upon discrimination in giving charity. She will not listen long to one of the stock tales of woe, but is liberal in giving when convinced that her generosity is deserved. A strapping fellow, long of beard but short of clothing, appeared at her back door recently.

"Did you ever have a fortune and lose it? In other words, have you seen better days?" and she spoke like an old-time school examiner.

"No, mum, I've always been poor."

"Have you a wife and anywhere from seven to thirteen children dependent upon you?"

"No, mum, I'm alone in the world."

"Have you been tramping from door to door for the last three weeks looking for work and could get none?"

"No, mum, I walked into town a hour ago, and hasn't had time to hunt work yet."

"Of course you were at Santiago or Manila, and will have a pension coming?"

"No, mum, I would have listed of our own country had been attacked, but I never could help prosecute them heathens."

"Come right in. It does me good to feed and clothe an honest man that's in distress," and he ate to repletion and went forth in a suit that still retained a good deal of the nap.

"I heard of that fine old lady afore," he chuckled to himself as he walked jauntily down the street. "I guess I must 'er passed about 100 on that there examination.—Exchange.

# WORTH NOTING.

A Few Facts in Relation to Domestic Economy.

Mother-of-pearl articles should be cleansed with whitening and cold water. Soap discolors them.

In blowing out a candle hold it aloft and then blow upward. This will prevent scattering of the grease.

Keep rubber plants exposed to the light during the winter, but free from frost. Water should be given in moderate quantity.

To remove rust cover steel with sweet oil and leave it in for two or three days, then dust it thickly with finely powdered unslaked lime and rub till the rust disappears.

# Truth and Obedience.

Caller—Bridget Maguire has referred me to you for her character, madam.

Housekeeper—Well, she's a very good girl.

Caller—I suppose you found her truthful and obedient then?

Housekeeper—Well, she could hardly by both. You see, I frequently had occasion to tell her to say I wasn't at home.—Philadelphia Press.

# The Old Complaint.

"I told him," said the strong-minded woman who had turned burglar, "that if he dared to yell I'd pound him to a jelly."

"Why?" queried the other female crook.

"Well, he wouldn't yell."—Philadelphia Record.

# GEORGIE'S STORY.

He Tells How Paw Learned to Doctor the Baby.

"I like to no," says Paw. "How the head of a Family Kisser a Liven in the Day time it is. Don't git no Rest at the nite. Here I am paying fifteen Dollars a Week for a nurse what Don't seem to no Enny more about a Baby than me and Not Haft as much Becoz I had two Before this one. It's a Blame swindler, all this trained Nurse bizness they go into in the sitty. Look at our Muthers Out in the country. They Didn't Haft to have no Fills like these when the Family was Gittin so Big they Had to Bid a naddishen onto the house Every year or so. But you Got to have a trained nurse now er they won't Let you in Society enny more Than of you Done your own Housework and Didn't go round tellin' Folks it was Becoz you advelized ate times for a Hired Gurl and never got a nanser."

The nurse Told paw he wasn't Fit to be a father, and he was agoin' to Talk Back, only Little albert throwed a Tooth Brush at the pupp and nocked a Hole thru one of the Windows, so they dropt the Subjet.

After Breckfust ant Fanny come in and when she Hurd about the Baby Paw in sick she says:

"You must stop given it that kind of food rite away. When my Hie Florance was borned she had the same kind of Trouble, so I fed her condensed milk and she cum thru all rite."

Purty soon Mrs. Rawson and Mrs. Pond came in.

"My good miss," Mrs. Rawson sed when paw told Her about the Condensed milk. "Don't give her That. It would Kill the poor Little Thing. I always Bring my Babies up on Stunley's ote water, and They never Givs me a Bit of trouble."

"I wouldnt Dare to give no child of mine that kind of stuff," Mrs. Pond told paw. "You mite as well feed it Green Cucumbers and be Done with it. They ain't nothink Like Malted milk fer a Baby with the Colick, and if this nurse Had enny sentz she would of knowed it at the start."

They was about Half a Dozen other Ladies Come while paw was Thinkin about it to tell Him what of to be Done, and neerly all of them sed they Had the Best Docktor on erth and paw ot to change Before it was too Late or we wouldnt Have no luck with the Child.

After they all Got thru paw went to the Basket where the Baby was Sleepin as peaceful as a Lam, and looked at it a Long time, and then He went out in the Hall, and got little albert's drum and Begin to pound it and Jump up and down and Sing git Your munnys Wurth.

Purty soon After that the Dockter come, and Him and the Nurse sneaked up Behind and the Furst thing paw new the Dockter was Holdin his arms fast to His sides and tryin to push Him into a closet, where they wanted to Lock him up.

"Here, confound it," paw Holated, "what are you tryin to Do?"

"Be Cam," the Dockter told Him. "We are your friends. We are Goin to partect you. It's all rite."

"No, it aint," paw Holated. "You may think it is, But I ain't Payin You three Dollars a Visit to Come Here and Try to play Horse with me."

By that time The Dockter seen paw wasent Crazy so he let go and ast what he ment by makin Such a Rackec.

"I was tryin to keep the Baby awake in the Day time so it would Give a purson a Chanct to sleep a Little at nite," paw told him.

"Then I Take it All Back," the Dockter sed. "I thot the Wimmen what are always Cummen in and Telling what to Do with the Babies was the Worst fools on earth. But they aint." GEORGIE.

# Tonight

If your liver is out of order, causing Biliousness, Sick Headache, Heartburn, or Constipation, take a dose of

# Hood's Pills

On retiring, and tomorrow your digestive organs will be regulated and you will be bright, active and ready for any kind of work. This has been the experience of others; it will be yours. HOOD'S PILLS are sold by all medicine dealers. 25 cts.

Cod-liver oil when taken regularly will generally have a beneficial effect upon the complexion. Those who dislike the taste may take it with orange bitters or orange and ginger wine.

Autographic Ink is made by melting together ten parts white grain soap, ten parts wax, three parts tallow, five parts shellac, five parts mastic, three parts lampblack.

It should not be forgotten that even in the coldest days fresh air and sunlight are invaluable as purifying agents. Windows should be opened, beds stripped and sleeping rooms aired thoroughly every morning.

To detect impure water draw a tumbler full from the tap at night, put a piece of white lump sugar in it and place it on the kitchen mantelshelf or in any place where the temperature will not be under 60 degrees Fahrenheit. In the morning, the water, if pure, will be perfectly clear; if contaminated by sewage or other impurities the water will be milky. This is a simple and safe test well known by chemists.

# Shirt Waists.

The season of shirt waists is at hand. Indeed, it is always at hand, for that matter, and while predictions have been repeatedly made that these comfortable, pretty and sensible garments would soon go out of style, thanks to Dame Fortune, they are perennial. The illustration shows a

very attractive one, and with the small back and front vignettes, as given, no great difficulty will be found in making it.

# When Visiting.

Of course, when you are asked to pay a visit that is sure to be very nice, you wish to accept. But, then, comes some fluttering of the heart as to whether your toilet things are good enough. But with a little care and outlay you need not mind what people think. Make a pretty white linen bag, and keep your brush and comb hidden there, instead of laid out on the dressing table. Dressing slippers can be made from shabby house shoes, covered with scarlet cloth and with a black bow on each. If you have rather shabby frocks keep them shut away in your wardrobe. Take only a few frocks and let those be your best.

# To Musical Readers.

When one is fond of singing or playing, and one's purse is a very slender one, it is very seldom indeed that you can afford the price of good new music. And yet to sing the old ones only is not only dull for one's self, but boring to one's audience. To prevent this, buy a blank music book, or rule music lines in an ordinary blank one, and copy your music in there. Friends are always very glad to lend you theirs for this purpose, and you can often get stray things from musical papers, that would otherwise be lost. In this way, at no cost, you can keep up with the music of the moment.

# The Passing of the Stem.

The old-fashioned claret glass with a stem to it is gradually giving way to the miniature tumbler. For everyday purposes the stemmed wine glass is a surpassing example of human foolishness, and particularly the foolishness of inventors. The stemmed wine glass could only have been invented in the interest of glass manufacturers. The miniature tumbler form of claret glass has several advantages. It is easier to hold, easier to store, and really takes a great deal of breaking. It will stand both wiping and a fall better than other shapes of glass.

# Old Bodice Like New.

A bodice that has been worn for some time gets rubbed under the arms and across the back long before the rest of it is at all shabby, and yet it looks far too old to wear. To renovate and make like new make a little bolero or zouave jacket to wear over it, either of velvet, lace or cloth. Narrow lace sewn together does equally as well as that bought in the piece. The cloth or velvet could be edged with fur, and you will have a smart new bodice for a few shillings.

# Women Write More Letters.

A postal official at Davenport, who has charge of a free rural delivery route in Iowa, declares that the chief beneficiaries of the innovation are the women. The bulk of the rural mail handled is to and from the farmers' wives and daughters.

A nice seam presser can be made of a short length of curtain pole or broom handle. Select a piece ten or twelve inches long, pad it with flannel and cover with old muslin.

# Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the *Original* and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of United States. No Cure, No Pay. Price, 50c.
